

Restored to Eden Product Information & Ingredients day cream maddi wright

Recommendations For Use

maddi wright, Day Cream Instructions â€¦, use in the morning after cleaning your face and cleansing. I would recommend using a small amount and dotting it over your face then massaging this into your skin. Only apply a very thin layer to the areas you feel are oilier (e.g. T-Zone). I have used oils that will balance sebum production and oils that have a lower comedogenic rating so your pores do not get clogged.
